

New Source Review newspaper advertisements for construction permit applications, May 10 2018. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be or were published on one of the following dates: May 9 2018, or May 10 2018. Public notices are generally published every week. The previous publication of public notices was May 3, 2018.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Lea & Simmons Funeral Home with a mailing address of 1280 South Dupree Avenue, Brownsville, TN 38012. They seek to obtain an air contaminant permit (Division identification number 38-0163-01 / 974000) for construction of a Human Crematory Operation located at 1280 South Dupree Avenue, Brownsville, TN 38012. This proposed operation would consist of a crematory and associated equipment used to incinerate human remains. Natural gas would be used for fuel. An afterburner, secondary chamber temperature monitor and opacity monitor would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the Madison County "Jackson Sun", -- publish once on Thursday, May 10, 2018.

---

The applicant is Screaming Eagle Ready Mix LLC dba Plant 1 with a mailing address of 490 Barge Station Road Clarksville, TN 37042. They seek to obtain an air contaminant permit (Division identification number: 63-0382-01/73921) for construction of a Concrete Batch Plant Operation located at Same Location. This proposed construction would consist of cement & fly ash with two (2) storage silos, conveyors, and filter cartridges used to produce ready mix concrete. A Baghouse (fabric filter) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"-- publish once on Thursday, May 10, 2018.

---

The applicant is Screaming Eagle Ready Mix LLC dba Plant 2 with a mailing address of 490 Barge Station Road Clarksville, TN 37042. They seek to obtain an air contaminant permit (Division identification number: 63-0383-01/73922) for construction of a Concrete Batch Plant Operation located at 1040 International Boulevard, Clarksville, TN 37043. This proposed construction would consist of cement & fly ash with two (2) storage silos, conveyors, and filter cartridges used to produce ready mix concrete. A Baghouse (fabric filter) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"-- publish once on Thursday, May 10, 2018.
